# John Kyle Lastimosa

Software Engineer, Java Developer – Mid Level

## EDUCATION

**Mindanao State University – General Santos City**  
Aug 2015 – June 2019  
Bachelor of Science in Information Technology  
Major in Database Management

## WORK EXPERIENCE

**Provincial Capitol of South Cotabato – Computer Programmer**  
Sept 2024 – Present

**Microservice-Based Development:** Currently developing a modular hospital web system using C# and .NET Framework, designed with a microservices architecture for better scalability and maintainability.

**Team Collaboration:** Working closely with other developers and departments to ensure the system aligns with hospital workflows and government IT standards.

**Database and API Integration:** Implementing SQL Server database structures and integrating RESTful APIs for seamless communication between services.

**Eulap – Full Stack Java Web Developer**  
Sept 2021 – Sept 2024

**Developed Scalable Applications:** Built robust web applications using Java and Spring, integrating with front-end frameworks like JSP, Javascript and Jasper report.

**Diverse Systems:** Worked on accounting, trucking, inventory, HRIS, school management, and loaning systems, ensuring they met client needs and industry standards.

**Database Management:** Managed and optimized databases using MySQL, ensuring efficient data retrieval and integrity.

**Agile and Teamwork:** Collaborated in Agile teams, contributing to timely project delivery and mentoring junior developers.

**Lariosa Clinic & Hospital Inc. - IT Staff**  
July 2019 – Nov 2020

**Troubleshooting Expert:** Provided support by troubleshooting hardware, networks, and software.

**Maintained IT Infrastructure:** Managed servers and networks, ensuring the IT environment was secure and reliable.

## TECHNICAL SKILLS

**Backend Programming Languages:** C#, Java, PHP, JavaScript

**Frontend Programming Languages:** HTML, CSS, React, JSP, jQuery, Bootstrap

**Frameworks/Libraries:** .NET (ASP.NET MVC, ASP.NET Core), Spring Boot, Hibernate, Laravel

**Database Management:** MySQL, PostgreSQL, MS SQL, Supabase

**Version Control:** Git

**IDEs/Tools:** Visual Studio, IntelliJ IDEA, Eclipse, Visual Studio Code, NetBeans

**Web Technologies:** RESTful APIs, JSON, XML

**Operating Systems:** Windows, Linux, Mac

**Agile/Scrum:** Experience with Agile methodologies and Scrum

## PERSONAL SKILLS

**Problem-Solving:** Strong analytical skills in diagnosing issues and providing effective solutions.  
**Team Collaboration:** Excellent teamwork and communication skills, facilitating efficient project collaboration.

**Adaptability:** Quick to adapt to new technologies and environments, ensuring continuous learning and improvement.

**Attention to Detail:** High level of accuracy and attention to detail in coding and project execution.

**Time Management:** Proficient in managing time effectively, balancing multiple projects and deadlines.

**Leadership:** Experience in mentoring and guiding junior developers, promoting a positive and productive work environment.

**Customer-Oriented:** Focused on understanding and meeting client needs, ensuring satisfaction with delivered solutions.
